REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance claim 21 is that the prior art of record does not teach the control system which controls the first drive, which moves a thermal print head parallel to the feed direction with a speed less than or equal to the speed of an object being moved for printing, and the second drive which moves the thermal head toward and away from the object to be printed.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee.
